EAST ORANGE

An old landmark disappeared last Saturday morning about daylight, when the old house on the road from East Corinth to Cooksville, known as the Hubbard place, was burned. While it was not a valuable piece of property, it made a home for Clinton Bowen and his family.

Mrs. Avery Hodge of Fairlee and her two children have been spending a few days with Mr. and Mrs. Orrin Hodge. George F. Cook came down from Newport, where he is working, to spend the week end at home, and Clarence is home from Barre for a few days.

Mrs. Blossom Richardson has been spending a few days at Albert Richardson's.

The supper Friday night was one of the best, and was remarkably well attended for the traveling. The minstrel show caused some laughs when the other fellow got hit, anyway.

O. P. Dickey attended the state telephone meeting at Barre last week. Marion King, who has been working at West Corinth, is at home.

STOWE

"The American Flag" was presented by the Woman's Relief corps for the benefit of the Boulder fund at the auditorium Wednesday evening to a crowded house. Much credit is due the executive committee, Mrs. A. R. Straw, Mrs. F. S. Boardman and Misses Johnson and McDonough and also Mrs. Janet Adams who drilled the cast for the success of the play. Owing to a misunderstanding in the date the orchestra from Morrisville did not arrive until a very late hour—but furnished music for the characters were well chosen and the cast of characters consisted of Rob McMillan, Healey Bashaw, Kammondant Wallf, Dennis Kaiser, Ignatz Schell, Kenneth Bull, Judge Oliver, Harry Burnham, Major Marvin, Harvey Knight, Karl Steinberg, Paul Raymond, Dora McMillan, Mary Bailey, June Oliver, Katherine Smalley, Rozika, Mrs. Paul Raymond. The American soldiers were represented by several boy scouts, the German soldiers were Elwin Smalley, Gale Shaw, R. A. Raymond and R. D. Robinson. The flag drill between the third and fourth acts which was an attractive feature of the evening was done by 12 girls, Misses Asquith, Sleeper, Bull, Gale, Riley, Kaiser, Pike, Dorothy Barrows, Alice Barrows, Taylor and Oakes, who were dressed to represent the American flag, and sang the Star Spangled Banner. Among those from out of town to attend the play were Edward Walker and Mrs. Sargent, who represented the Sons of Veterans of Johnson. The Relief corps is much gratified with the results—the net proceeds will probably exceed \$100—and greatly appreciates the assistance of the American Legion and everyone who helped in the play or loaned any property.

Mrs. Hobart Fulson, Miss Madge Merritt and Harry Jenkins of Morrisville, who were here to attend the play Wednesday evening, were the guests of Mr. and Mrs. R. A. Raymond.

Mr. and Mrs. Arbie Smith of Waterbury were visitors in Stowe Thursday.

Mr. and Mrs. Hayes Walker of South Woodstock came Wednesday to spend a few weeks with Mrs. Walker's parents, Mr. and Mrs. W. A. Smith.

Mrs. Mary Smalley, who went to Burlington Wednesday, was accompanied home Thursday by her daughter, Miss Hildegarde of the Plattsburgh state normal school, who will spend Easter here.

Mrs. L. A. Johnson and daughter, Mrs. Walter Kenyon, of Richmond are visiting their son and brother, W. B. Johnson, and family and other relatives in town.

Mr. and Mrs. Edwin Harvey of Danvers, Mass., are guests at E. B. Gale's during sugaring.

Wouldn't Machine Get Scorching? The Baltimore Sun remarks that if Mr. Edison perfects his machine for talking with the departed, he might ask when business is coming back. But would he be able to get in touch with the place where outspoken people say business has gone?—Boston Transcript.

1700 GREEK PRISONERS

And 20 Guns Captured By Turkish Nationalists in Smyrna

GREEKS LOST THEIR EARLY SUCCESS

When the Turks Brought Up Many Reinforcements

Constantinople, March 25.—Turkish official reports declare that the Turkish nationalists east of the Smyrna district have defeated the Greeks, who began an offensive on Wednesday. It is said that 1,170 Greeks were taken prisoners, and that the nationalists have captured 20 guns. The Turks at first retired before the Greek advance, the reports state, but, being reinforced, they launched a counter offensive.

It was claimed in Greek circles here yesterday that the town of Eski-Shehr, one of the objectives of the offensive, had been taken, but this rumor has not been confirmed.

The Turks have closed the American college at Mursivan, in the Vilayet of Sivas, charging that the president of the institution favored the establishment of a Greek republic in western Asia Minor.

Turkish nationalist advisers declare the Greeks, in carrying out their offensive, are following the same plan adopted eight months ago, but that Greek forces may be landed at Trebizond, on the southern shore of the Black Sea, where the Turks have nine divisions on the Smyrna front and three before Bursa. The Greeks have the same number of divisions, but are stronger numerically.

Reports received here from Turkish sources yesterday declared that 800 Greeks had been taken prisoners, and it was said the Turks were offering obstinate resistance. It was claimed in Greek quarters here that their troops had taken 700 prisoners in the first days' fighting. The Turks, it is understood, have planned to retreat into the interior if beaten, and resume guerrilla warfare on the Baghdad railway line.

All horses, camels and donkeys within the Greek lines have been requisitioned for the army.

It's Style to Have No Style in Women's Hats. Our special fashion scout, after many thrilling adventures and hairbreadth escapes, has returned to headquarters with news of vital import to beleaguered housewives. It is nothing less than the fact that the forces of the enemy, Queen Fashion, have relaxed their customary vigilance and permitted a well-spiced development in their far-flung battle line. This week's sector is on the millinery front. We have, brothers, discovered the amazing fact that there is no "style" in women's hats!

An exhaustive, telescope survey of the hat sector shows conclusively that in the matter of headgear each woman dresses according to the dictates of her own milliner. There is no uniformity of shape, size, color or decoration in women's hats. No two are alike. The importance to us fellow housewives is this: The milliners can no longer plead that they need new hats because the old ones are "out of style."

There is no style, therefore nothing can be out of it! A smashing retort! All we need is to be firm and superior—even mocking about it—and we shall win. And having conquered here, having penetrated the Hindenburg line of Queen Fashion's army, what greater victories may we not achieve? Onward to the assault!

Later—Bulletin by courier from the hat sector: We regret to report that our shock troops assaulted and were thrown back in great confusion. The embattled milliners met them with a drumfire of concentrated scorn and counterattacks with: "What does a man know about style? It is true that there is no style this year, but it is the style not to have a style, and not to wear one hat long enough to permit a style to develop around it." Our troops sustained heavy losses, but we shall reform and attack again as soon as we can think of something.—Chicago News.

Disappointing. At the curb a glassmaker's wagon had drawn up. From it a number of workmen took a big plate-glass pane to be placed in a shop window, and as they proceeded to the window, carefully bearing the big pane of glass, the usual crowd gathered to watch. Among them were two youths who appeared more interested than anyone else.

After 10 minutes had passed one of the youths, wearing of the deliberateness of the workmen with the glass, turned to his companion and said: "Come on, Clarence, we might as well be moving on. They are not going to let it fall."—Philadelphia Public Ledger.

CALM SUCCEEDS GERMAN STORM

But Government Is Said to Be Going on Assumption of New Outbreak

ORGANIZED LABOR NOT IN UPRISING

The Communists Have Been Ejected from Ship-yards

Berlin, March 25.—Governmental authorities to-day continued their efforts to avert further communist disorders in Prussian Saxony and in Hamburg. After the first outbreak of violence in many Saxon towns, there came yesterday a period of comparative quiet but officials proceeded on the theory that new outbreaks might come at any time. Forces of security police are near Eisen and it is believed a clash with the communists, who yesterday were in virtual control of that city, is imminent. Loyal forces were holding a part of the town, but were being besieged by the communists at last reports.

Organized labor seems not to have lent its support to the revolutionary movement, and although there have been a few threatened disorders in Berlin, the authorities have been too vigilant to permit anything approaching an organized strike to develop.

Communists who occupied the Blohm and Voss ship and dock yards at Hamburg have been ejected.

FRECKLES

March Worst Month for This Trouble—How to Remove Easily.

There's a reason why nearly everybody freckles in March, but happily there is also a remedy for these ugly blemishes, and no one need stay freckled.

Simply get an ounce of Othine—double strength, from your druggist and apply a little of it night and morning, and in a few days you should see that even the worst freckles have begun to disappear, while the light ones have vanished entirely. Now is the time to rid yourself of freckles, for if not removed now they may stay all summer, and spoil an otherwise beautiful complexion. Your money back if Othine fails.—Adv.

"DANDERINE" Girls! Save Your Hair! Make It Abundant!

Immediately after a "Danderine" massage, your hair takes on new life, lustre and wondrous beauty, appearing twice as heavy and plentiful, because each hair seems to fluff and thicken. Don't let your hair stay lifeless, colorless, plain or scraggly. You, too, want lots of long, strong, beautiful hair. A 35-cent bottle of delightful "Danderine" freshens your scalp, checks dandruff and falling hair. This stimulating "beauty-tonic" gives to thin, dull, fading hair that youthful brightness and abundant thickness—all drug-gists—adv.

SWEAR OFF TOBACCO

"No-To-Bac" has helped thousands to break the costly, nerve-shattering tobacco habit. The Universal Daily Habit!

EVERY man, woman or child in this city who can read, reads some daily newspaper every day.

It is as much a habit with them as eating, or talking, or walking.

The newspaper is their point of contact with the outside world and with each other.

In every other city of any size, other newspapers are printed and other people read them in the same intensive way. In the great stretches of rural communities the newspapers from the cities radiate out through the mail-boxes.

North America is literally bound together and welded into a continent with common knowledge and common impulses—by its 30,000,000 daily newspaper circulation.

Newspaper readers have come to look on the daily advertising as part of the news. They turn to their newspaper when they want to buy, just as they turn to it for the ball score or the latest developments across the sea.

Local merchants know this and they know they can build a larger volume of business at less cost through the newspaper than through any other means of contact with possible customers.

Manufacturers and distributors of trade-marked goods are also coming to learn that North America is a series of markets—each differing from the other in opportunities to sell goods.

Each good market can be reached by newspaper advertising at low cost and without wasted effort in barren localities.

For this reason the newspaper has become the greatest medium for national advertising, just as it has always been the greatest medium for local advertising.

The national advertiser can best cover this market or any market through the newspapers.

Manufacturers and distributors are invited to write for a copy of the book, "National Advertising and the Newspapers," to the Bureau of Advertising, 404 World Building, New York.
